

MP1200

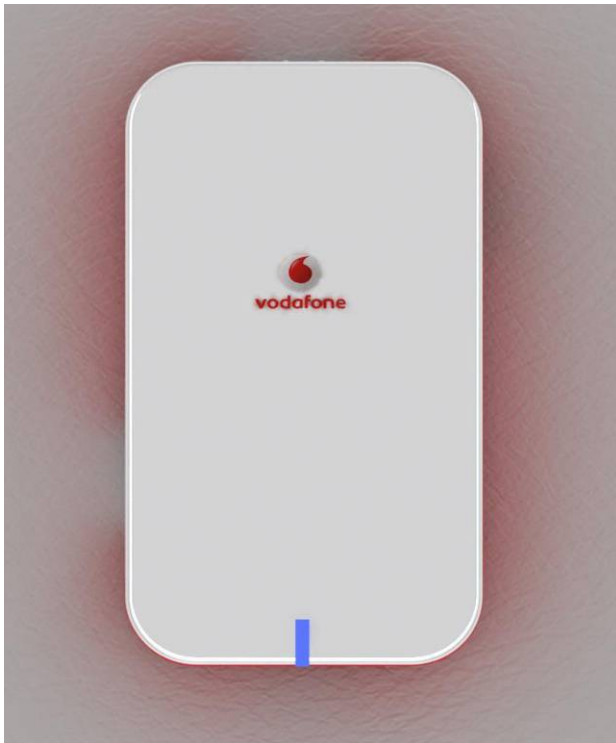

AC MOBILE POWER

## ◆ Application

**Two functions** : a) . AC Power Adapter

b) . Mobile power ( built-in replaceable 1200mAh Battery pack )

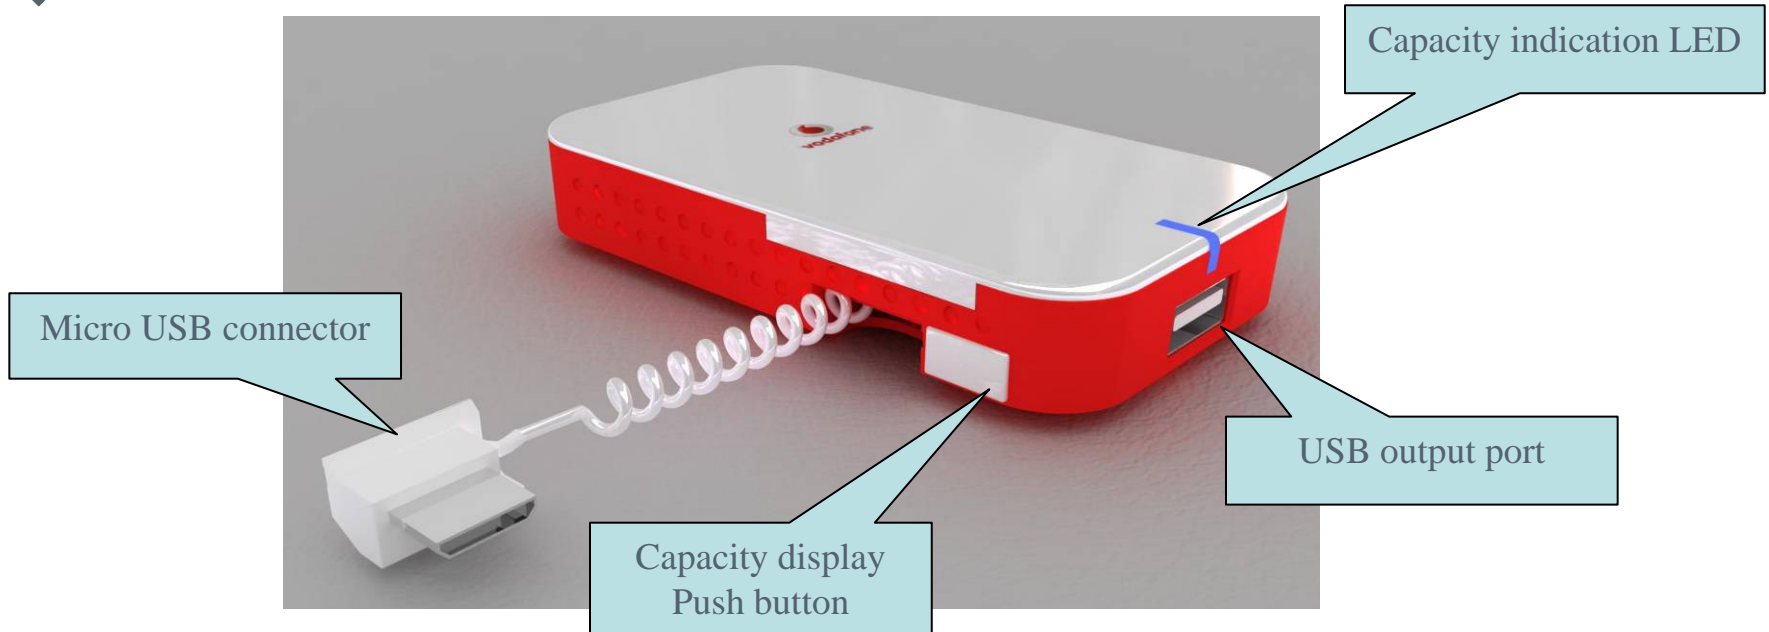

it can charge iPhone 50% fully within 40 min for emergency.

MP1200

AC MOBILE POWER

◆ AC Mobile Power

**Two Output ports : a. 5V/1A USB port**

**b. Built-in cable + 5V/1A Micro USB connector**

**Suitable & convenient charging for all of mobile phone , Tablet PC, 3C devices .**

MP1200

AC MOBILE POWER

◆ AC Mobile Power

- a. It's not only charge loading device ; but also charging built-in battery pack when AC100 ~240V input .
- b. It also like UPS when AC input shutdown .
- c. Built-in battery pack can replaceable when it is end of lifecycle .
- d. Convenient charging by AC 100 ~240V

**Advantage :**

- 1) . **With multifunction : AC Power Adapter + Battery Bank**
  - 2) . **Two output ports : convenient & suitable charging 3C devices**
  - 3) . **Convenient charging Mobile phone by built-in cable + Micro USB connecter**
  - 4) . **Battery pack can be replaced when it's end of lifecycle**
  - 5) . **Convenient be charged by AC input 100 ~240V**
  - 6) . **With uninterrupted power system function (UPS)**
  - 7) . **With over current / short circuit protection.**
  - 8) . **With UL, PSE, TUV , CE, FCC certification.**
-
